Norman Regional Moore – Emergency and Outpatient Services

- The Emergency Department can treat many levels of illness and injury. It is open 24 hours a day, seven days a week for convenient access.
- Diagnostic Imaging offers MRI, CT, Ultrasound and X-Ray. Call 405-307-2290 to schedule your appointment.
- Laboratory Services performs a wide range of tests to assist in diagnosis, treatment and management of disease and illness. The outpatient lab is open 6 a.m. to 6 p.m. Monday-Friday.
- Outpatient Therapy includes physical, occupational and speech therapy in a convenient setting and location. Pediatric speech therapy is also offered. Call 405-515-HEAL to schedule your appointment.
- Primary care and specialty physician clinics are located on the second and third floors.
- Our Walk-In Clinics can provide both a medical home and quick care services for new and returning patients. All clinics in the Norman Regional Health System use the same electronic health records, you'll get coordinated care no matter where you go.
